## Biography

Based in Mount Hope, Ontario, I perform with Quartz Crystal Singing Bowls, 15-20 of them. Each produces a pure note or tone, the purest there is. You have to hear them to believe it.

I play them in combination with a Vibraphone, Santoor and 8-18 Paiste Planet, Symphonic and Sound Creation Gongs. Every gong features a strong fundamental note tuned to represent a natural harmonic series based on the orbital properties of the Sun, the Earth, the Moon and the other planets. It's like having a full orchestra.

The intent of the performance is to create soothing, meditative and healing music. Each one of my performances is completely improvised, and unique. The music attracts a full range of listeners. My concerts are in two sets, each lasting an hour in length.

My musical inspirations are, Jerry Garcia, The Grateful Dead, John Lennon, George Harrison, Bob Marley, Miles Davis, and Frederick Chopin to name a few.

I have been touring Canada coast to coast for the past seven years and have performed over 700 shows, having released 7 CDs to date. I have played the Bowls and Gongs accompanied by various musicians as well as with the Winnipeg Chamber Orchestra in June of 2006.

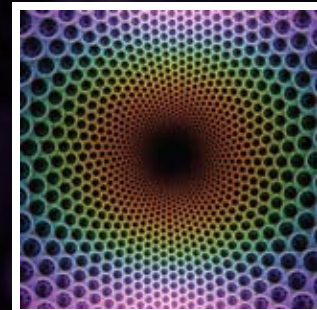

Crystal Journey has dedicated its intention for the music to help raise awareness to our environment and such social causes as Tibet and Burma, raising funds for these and various other charities. Crystal Journey also works with cancer support groups such as Well Spring Calgary.

As 2010 unfolds, I am looking forward to taking my music to ever increasing numbers creating conscious awareness across Canada and the Globe with a message of peace. By year's end, Crystal Journey will have performed over 150 concerts.

## Latest Release

### Knowing

The idea behind this CD is to bring the full energy of LOVE, Consciousness and PEACE that was present during the "Summer of Love" of 1967.

Many ideas can be discussed and debated about what the "Summer of Love" was actually about. For me, someone who was born in December 1967, the 60's were anything short of a miracle, considering the many years that preceded them.
